Subject Re: EPA visit to Libby on October 22 and DEQ Job Profile

I said I would get you a response in a week. We are working on a response to you and you will get it next week. And who is we- if you and I are having a phone conversation and there is more than you and I on the phone, I expect you to be courteous and tell me. cc

Subject Re: EPA visit to Libby on October 22 and DEQ Job Profile

We heard you ask if Tuesday was ok, did not hear a week from Tuesday. Maybe it was missed.

There is one concern that should encourage a same day response:

We all know tremolite is deadly. We know a superfund cleanup yard (base camp/headquarters) managing that tremolite is operating in a school zone and residential area near various businesses. We know equipment and trucks from that yard are used daily in the cleanup and handling the tremolite.

REGARDLESS OF HOW MANY TIMES THIS CONTAMINATED
EQUIPMENT IS
"WASHED DOWN WITH WATER"--- IS IT WORTH THE RISK TO
FUNCTION INSIDE A
NEIGHBORHOOD?

Can someone just answer that question tomorrow? **Yes or no.**
Should be a quick response. You can have them each email a **yes or no.**
I don't care about the explanations, just a **yes or no.**

Then, please have them put a plan together (perhaps with other agencies) with how to make restitution to these neighbors who are now experiencing the physical effects of this careless effort with seemingly no real protection, oversight or inspection.
